

PHARMA AND FOOD LECTURE SERIES

universität
wien

Faculty of Life Sciences

March 07 - June 20 2013

Althanstraße 14
UZA II - 1090 Wien

07.03.2013 Thu 17:00 ct HS 6	Majella Lane UCL School of Pharmacy London UK	Advances in Topical and Transdermal Delivery
14.03.2013 Thu 17:00 ct HS 6	Marcel Jaspars University of Aberdeen Scotland, UK	Solving Organic Structures at the Yoctomolar Scale: Structure Elucidation by Atomic Force Microscopy
21.03.2013 Thu 17:00 ct HS 5	Marcel Leist University of Konstanz Germany	Transcriptomics Responses and Functional Endpoints in New Human Cell Based Test Systems for Developmental Neurotoxicity
08.04.2013 Mon 17:00 ct HS 6	Ebrahim Razzazi-Fazeli University of Veterinary Medicine Vienna, Austria	Mass Spectrometry Based Proteomics as a Novel Tool in Biosciences
11.04.2013 Thu 17:00 ct HS 6	David Cameron-Smith University of Auckland New Zealand	Counteracting Muscle Loss in Ageing
18.04.2013 Thu 17:00 ct HS 6	Johann Wojta Medical University Vienna Austria	Inflammation, Immunity and Coagulation: Impact on Atherosclerosis
25.04.2013 Thu 17:00 ct HS 6	Thomas Franke Augsburg University Germany	Manipulation of Single Cells and Drops in Microfluidic and Acoustic Fields
02.05.2013 Thu 17:00 ct HS 6	Winfried Neuhaus University of Würzburg Germany	The Blood-Brain Barrier as Therapeutical Target
16.05.2013 Thu 11:00 ct HS 6	Jean-Luc Wolfender University of Geneva Switzerland	Recent Advances in Chromatography for an Efficient Profiling of Crude Extracts and Isolation of Natural Products
23.05.2013 Thu 17:00 ct HS 6	Markus Nett Hans-Knöll Institute Jena Germany	New Microbial Resources for Pharmaceutical Drugs and Enzyme Catalysts
06.06.2013 Thu 17:00 ct HS 6	Johanna Liebl LMU Munich Germany	Cdk5 as Target for Fighting Angiogenesis and Cancer
13.06.2013 Thu 17:00 ct HS 6	Kathrin Pallauf Christian-Albrechts-University Kiel Germany	Diet, Autophagy, and Healthy Ageing
20.06.2013 Thu 17:00 ct HS 6	Claudio Tiribelli University of Trieste Italy	Fatty Liver 2013
