

DEPARTMENT MEETING

universität
wien

Department of Pharmaceutical Sciences

SUMMER TERM 2023 (580006 SE)

Thursdays at 11:30h

Josef-Holaubek-Platz 2

1090 Wien - UZA II

Faculty of Life Sciences

09.03.23 Sven Stegemann

HS 6 TU Graz / RCPE
Austria

Untangling the Discrepancy between “Efficacy” and “Effectiveness”: When Patients are the Better Experts in Drug Product Design.

16.03.23 Stylianos Michalakis

HS 6 University Hospital, LMU Munich
Germany

Gene Therapy in the Eye: Technologies to Address Remaining Challenges.

23.03.23 Maria Halabalaki

HS 6 University of Athens
School of Pharmacy, Greece

Bioavailability and Metabolism of Bioactive Secoiridoids.

30.03.23 Lutz Nuhn

HS 6 University of Würzburg and MPI for
Polymer Research Mainz, Germany

Macromolecule-Based Strategies for Enhancing Immunotherapy Responses.

20.04.23 Chris Meier

HS 6 University of Hamburg
Germany

How to Get Highly Polar, Bioactive Nucleotides into Cells? The Use of a Chemical Trojan Horse Approach in Medicinal Chemistry and Chemical Biology.

11.05.23 Diomedes E. Logothetis

HS 5 Bouvé College of Health Sciences
Northeastern University, Boston, USA

Allopharmacology: GPCR Signaling to Ion Channels.

25.05.23 Dirk Bredenbröker

HS 6 Martin Lehner
Dr. Willmar Schwabe GmbH & Co. KG
Vienna, Austria

Introduction to the Schwabe Pharma Research & Development Model and Innovation Strategy for Phytomedicine.

22.06.23 Nadja Cech

HS 6 Patricia A. Sullivan
University of North Carolina at
Greensboro, USA

Informatics Approaches for Identification of Synergists from Bioactive Mixtures: Understanding Nature's Complexity.
